

An academic position in Teacher education and training

An academic position in Teacher education and training

Vacancy Reference : 20961 / PSP 040 / 2019 (to be quoted in any correspondence)

The Université catholique de Louvain invites applications for a tenure track or tenured full time position in Teacher education and training

Introduction

UCLouvain is a comprehensive university offering, in the context of the present position, the opportunity of cross-disciplinary research and teaching collaborations. The position is attached to the **Faculty of Psychology and Educational Sciences** and the **Institute for the Analysis of Change in Contemporary and Historical Societies** which offer opportunities for diverse and stimulating teaching as well as an environment to carry out ambitious research. The Louvain-la-Neuve site offers a unique modern living environment inside a naturally preserved neighbourhood, conveniently connected to the heart of Europe.

Description of the mission

Teaching

The successful candidate will have teaching assignments in the field of teacher education and training, and in educational sciences. The successful candidate will have teaching assignments in education field (Methodology in teacher education and training, Pedagogical practices and devices in education, Learning psychology...), within the various degree programs organised by the Faculty of psychology, in particular in the Master in educational Sciences, as well as in pre-service and in-service teacher training programs.

Research

We seek talented individuals who will develop and drive a cutting-edge research program in the field of teacher education and training, on topics such as initial education of teachers and professional development of teachers, and/or devices of support toward teachers at different stages of their career.

The successful candidate will develop collaborations with professionals in school field and professional community in the field of education. A professional experience in training teacher is an additional asset.

General conditions

Tasks : the applicant will:

- be responsible for teaching courses at all study levels (i.e. undergraduate and postgraduate), as well as in programmes of continuing education;
- supervise the final diploma research (i.e. theses) of undergraduate and graduate students, as well as PhD theses;
- be involved in (and/or supervise, promote) research programmes;
- contribute to the international visibility of the University through teaching and research excellence;
- be available to ensure, in the long term, different service activities and responsibilities within the University and its entities.
- contribute to activities of the University with a societal impact in the fields of the economy, socio-cultural changes or cooperation with developing countries.

Qualifications : the applicant must have

- a PhD degree in education or psychology or any related discipline;
- a significant scientific record with international publications;
- either studied abroad for an extensive period or have had substantial experience outside UCLouvain;
- experience in and the aptitude for teaching at university level, demonstrated if possible by formal assessments;
- the capacity to work within a team of teachers and to integrate research findings into teaching;
- creativity and must be open to teaching innovation and interdisciplinarity;
- the capacities required to undertake high-level academic research: capacity to raise research fundings, to supervise projects, to animate and lead a research team;
- have team management and communication skills, including if possible fluency in French and English, spoken and written. Otherwise, you will be asked to acquire them within two years after taking office, in order to be able to communicate and teach in these languages. Knowledge of other languages is an additional asset;

Offer

The level of recruitment (appointment to the rank of lecturer or professor) will be discussed if a proposal is made to you, in connection with your previous academic experience. For more information, see: <http://jobs.uclouvain.be>.

Our HR policy supports equal opportunities and diversity including in the academic career. Attention is also paid to reconciliation of private life and professional life.
